

## Enduris™ Roof Coating Warranties

Effective February 13, 2023

### Minimum Dry Film Thickness and Application Rates

Warranty Type	10 Year	15 Year	20 Year	30 Year
Product (for all Applicators)	21 DFT <sup>(1)</sup> 24-25 wet mils	28 DFT <sup>(1)</sup> 32-34 wet mils	36 DFT <sup>(1)</sup> 40-43 wet mils	Not Available
Product Plus (for Authorized Applicators)	21 DFT 24-25 wet mils	Not Available	28 DFT 32-34 wet mils	36 DFT 40-43 wet mils
Labor & Material (for Authorized Applicators)	21 DFT 24-25 wet mils	28 DFT 32-34 wet mils	36 DFT 40-43 wet mils	Not Available
Application Rates				
Theoretical <sup>(1)</sup>	1.5 gallons/SQ	2.0 gallons/SQ	2.5 gallons/SQ	
Practical <sup>(2)</sup>	1.8 - 2.0 gallons/SQ	2.5 gallons/SQ	3.0 gallons/SQ	
Recoat Applications				
New Coating DFT	15 mils	20 mils	Not Available	Not Available
Total DFT	30 mils minimum	35 mils minimum		

(1) Theoretical Application Rates to achieve minimum DFT.

(2) Practical Rates are higher to allow for surface texture and porosity, wind loss and material left in container, on rollers and/or spray equipment lines. Each roof and project is different and the practical rate increase will vary.

## Fees

Warranty Type	10 Year	15 Year	20 Year	30 Year
Product	No Fee	No Fee	No Fee	Not Available
Product Plus	No Fee	Not Available	No Fee	No Fee
Labor & Material	\$1,800* plus \$.04/square foot	\$1,800* plus \$.08/square foot	\$1,800* plus \$.12/square foot	Not Available

Note: System warranties for Solar projects may be available for an additional cost. Contact Momentive for more information.

\*Additional fees may apply for multiple buildings or multiple roof areas at different elevations.

## Approved Products and Basecoat Requirements (Always test adhesion)

Substrate <sup>(3)(4)</sup>	Basecoat or cleaner
Asphaltic surfaces such as BUR or ModBit	Optional: Asphalt Bleed Blocker to prevent bleed through into light color coating. Apply at 1 gallon/100 sq. ft. (2 gal for new asphalt)
Aged EPDM	Commercial biodegradable cleaners (Simple Green or similar)
Aged TPO, PVC, Hypalon®	Commercial biodegradable cleaners (Simple Green or similar)
Metal	None
SPF	2 color systems required over new SPF with min. 15 mil dark basecoat
Structural Concrete	None

(3) Warranties are for GE Silicones coatings and do not include the substrate to which the coating is applied or for basecoats that are not GE Silicones products.

- (4) Do not apply to:
- a. Aluminized coatings
  - b. Ballasted single-ply membranes
  - c. Coal tar
