SKYLIGHT RESTORER 6000

Acrylic Skylight Restoration Coating

ProRoof Skylight Restorer 6000 is a clear, 100% acrylic protective glaze designed specifically for the restoration of weathered skylights. It creates a durable, dirt-resistant protective surface while helping restore and protect aging skylight assemblies from continued exposure to the elements.

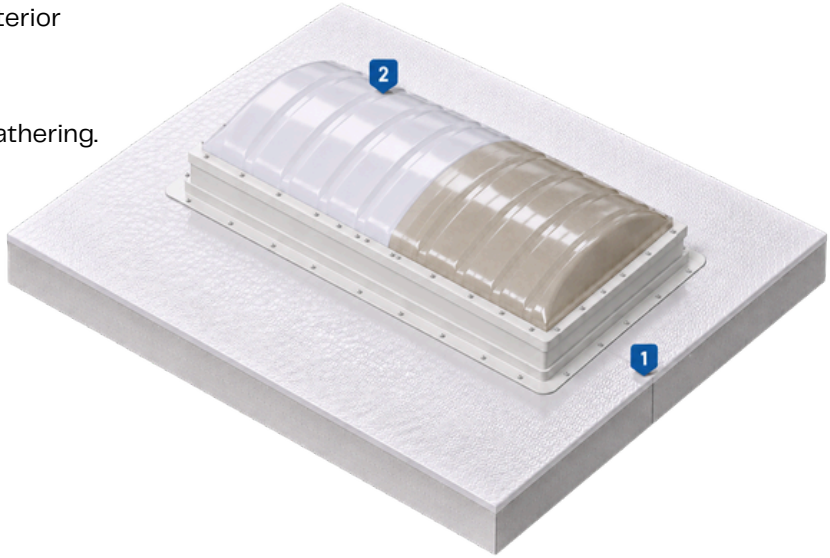

Commercial skylights endure years of UV exposure, dirt accumulation and weathering. When the skylight remains serviceable, restoration can provide building owners with a practical way to protect the existing assembly and improve its condition without immediately resorting to replacement.

KEY FEATURES:

100% ACRYLIC
UV-resistant technology designed for long-term exterior exposure.

WEATHER RESISTANT
Excellent resistance to dirt pickup, chalking and weathering.

FAST DRYING
Rapid-drying, water-based technology for efficient application.

STEPS OF APPLICATION:

1. Clean the Skylight
2. Allow Surface to Dry
3. Check Weather Conditions
4. Apply Skylight Restorer 6000
5. Apply at Proper Coverage
6. Allow to Dry
7. Recoat if Needed
8. Allow Complete Cure

A SMARTER APPROACH TO AGING SKYLIGHTS

BENEFITS:

CLEAR FINISH
Designed to provide protection while maintaining the existing skylight appearance.

UV RESISTANT
100% acrylic technology helps withstand prolonged rooftop exposure.

DIRT RESISTANT
Excellent resistance to dirt pickup helps maintain a cleaner restored surface.

WATER-BASED
Rapid-drying water-based technology simplifies restoration work.

APPLICATION:

1 PREPARE
Inspect and properly prepare the existing weathered skylight.

2 RESTORE
Apply ProRoof Skylight Restorer 6000 according to manufacturer requirements.

3 PROTECT
Allow the coating to dry and form a clear protective acrylic glaze over the restored skylight.

TECHNICAL INFORMATION:

PRODUCT: ProRoof Skylight Restorer 6000
TYPE: 100% Acrylic Skylight Restorer
COLOR: Clear
AVAILABLE SIZES: 5-Gallon Pail; 55-Gallon Drum
RECOMMENDED USE: A dirt-resistant and protective glaze coat for restoration of weathered skylights.

GIVE AGING SKYLIGHTS A SECOND LIFE

Before replacing weathered commercial skylights, determine whether they can be restored and protected with ProRoof Skylight Restorer 6000.
